SUMMARY

As SAP Basis Consultant I am responsible for the management of SAP Systems which includes installation, upgrade, the general technical maintenance of the SAP Landscape and contributing to SAP Technical strategy and planning discussions. With my 14+ years of experience in SAP Basis field I am always delivering projects with 100% customer satisfaction. Positive mindset and an eye for the detail are essentials in my daily work. Worked with multi-national customers, with latest versions of SAP and DB products running on different OS environments. Enthusiastic about Cloud Solutions, Linux, SAP architecture, S/4HANA, interconnection between business and IT.

CAREER
